Vol. XIII  
MEDFIELD HIGH SCHOOL  
Medfield, Massachusetts

# DEDICATION

Since the Massachusetts General School Act of 1647, publicly supported education for all has been a tradition in Medfield. American Education has met the challenges of the modern world by preparing our citizens to accept their responsibilities and to use their privileges wisely. Therefore we, the Class of Nineteen Hundred Sixty-Four, dedicate this our yearbook to the greatest gift one generation can give another, the American Tradition of Education.

# FACULTY

*By the hard work of our able  
administrators and teachers,  
Medfield High has retained its excellent  
reputation for providing a  
sound secondary education.*

*This year, all departments are submitting  
curriculum reports which describe  
in detail  
the subject matter and teaching  
methods used in each course.*

# Our Administrators Speak . . .

To the Class of 1964:

Congratulations on your Graduation—a milestone in the pattern of your growth.

I would remind you that "growth" is a restless mass of constant change, of creativity; it is what is happening to you as well as what has happened to you. An appraisal of what is happening is more important than what has happened—therefore, an evaluation of your own knowledge and skills must be made before you embark on a course which will make you something new, different, and better. Please make the assessment of yourselves honest and sincere.

Best wishes, and may God be with you always.

Sincerely,

Superintendent of Schools

## DEAR GRADUATES

To The Members of the Class of 1964:

During the past four years your class has distinguished itself in many ways. You have been leaders academically, athletically and as good school citizens. Your fine record will remain as a challenge to future graduates.

As you graduate from high school you will go on as individuals to lead in many fields of endeavor. I know you will again establish an enviable record.

My wishes for health, happiness and success go with you.

Very truly yours,  
Charles F. Mains  
Principal

*Charles F. Mains*

## SCHOOL COMMITTEE

It is the duty of the School Committee to formulate the policies by which our school system is operated. While new and advanced methods have been introduced from time to time, the basically sound educational program has never been undermined. We wish to thank the School Committee for the solid strides they have made toward the constant upgrading of our educational standards.

## GUIDANCE

With the help of our guidance directors, Mr. Davidson and Mr. McCarthy, students find answers to personal as well as to academic problems. The Guidance Newsletter frequently issued during the school year gives us helpful pointers from study habits to career choices. The Guidance Department has prepared us to better face the future.

Mr. John Davidson, Guidance Director, B.S.Ed. Boston University, M. Ed. Boston University.

Mr. James McCarthy, Assistant Guidance Director, B.S. Ed., Northeastern University.

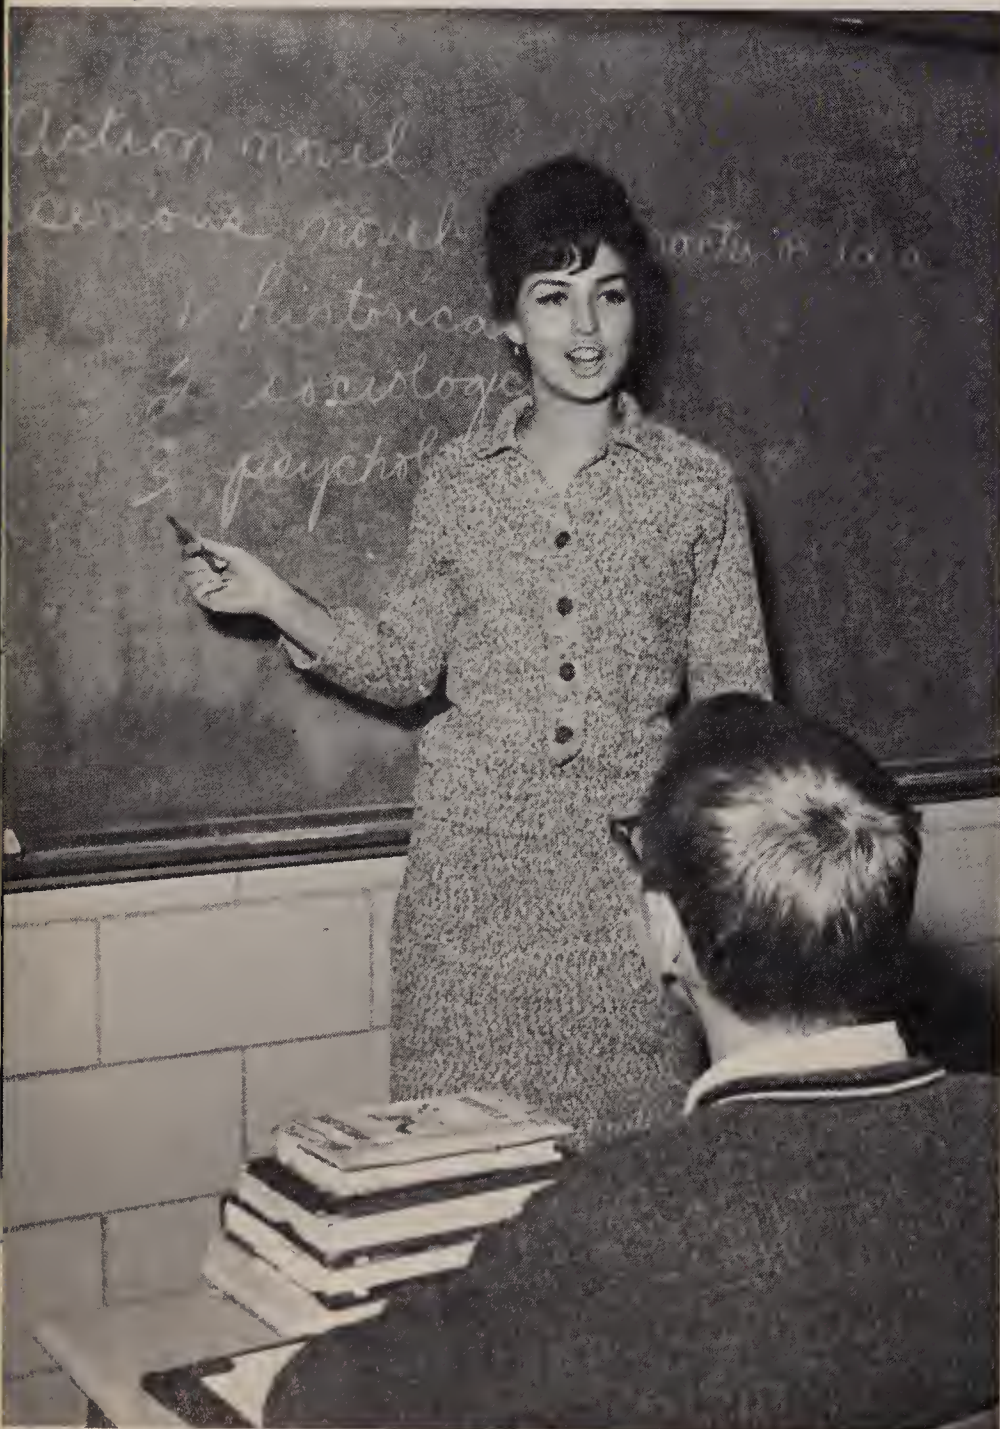

# We Are Grateful For

## ENGLISH

The English course of study is based on developing students' skills in the three central areas of literature, language, and composition. The importance of each area is recognized and an obvious correlation of the three is made. The objectives of the English Department are to help students read perceptively, feel keenly, think logically, and communicate effectively. Students are made aware of the significance of language and of one's responsibility in using it meaningfully.

## SOCIAL STUDIES

**Harry Kreshpane**  
B.S. Northeastern  
University

Social studies are a vital part of our school training. Through courses ranging from ancient history to contemporary problems, we learn to apply past history to our modern lives. Miss Smith, Mrs. Adams, and Mr. Kreshpane present well-prepared courses using numerous maps and charts to add interesting information. Our Social Studies Department plays an important part in our school system.

## LANGUAGES

Our Language Department is trying to help the students attain fluency in the oral and written comprehension of foreign languages. The "four-fold approach" of understanding, speaking, reading, and writing is used to this end. The students use the essential points of grammar and a well chosen vocabulary to express their own thoughts in the language and to translate foreign passages.

## MATHEMATICS

Mathematics is one of the basic subjects in our educational system; therefore our math department is very important to the students of Medfield. With the outstanding instruction of Mr. Palmer and Mr. Cuoco, we have explored the principles and the theories of math. In these modern times, everyone in every type of occupation comes in contact with problems that can only be solved by using a knowledge of mathematics.

## SCIENCE

In the science department provision is made to meet the needs of students with special interests and abilities in science. In addition, efforts are directed toward discovering able students and encouraging them to seek careers in science. Learning is conducted in classroom laboratories through individual and group instruction, investigation and experimentation and in field activities where students apply methods and principles of science to the investigation of problems of living.

## HOME ECONOMICS

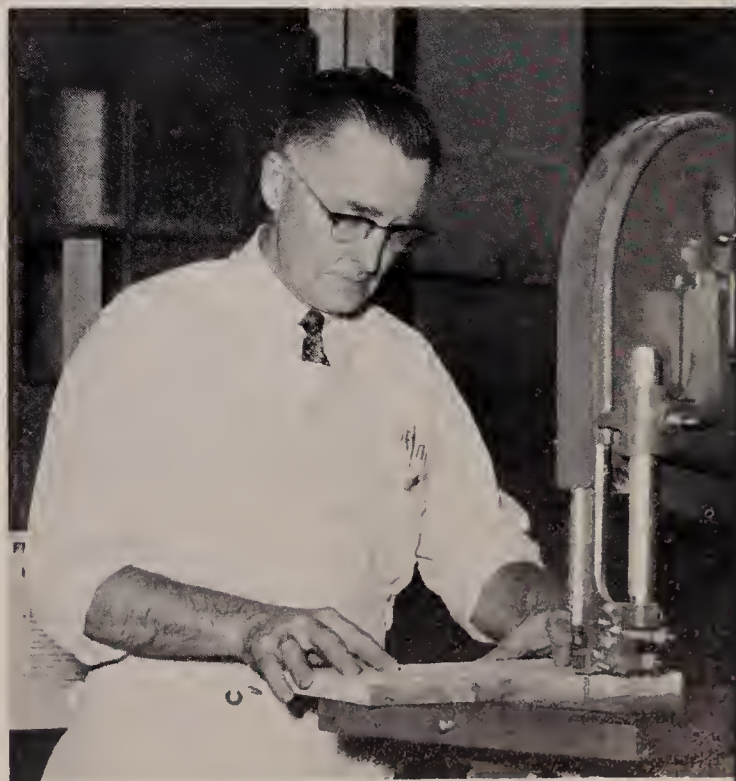

Although home economics is not a required subject, it is certainly one of the most useful courses offered to girls at Medfield. Under the planned programs set up by Mrs. Luttazi and Mrs. Richardson, the girls are exposed to the many various aspects of home economics. Whether a girl becomes a housewife or a career woman, she will always need her skill in home economics.

## INDUSTRIAL ARTS

The industrial arts program supplements the basic requirements of our educational system. Mr. Francis Bibby and Mr. James E. Morris teach the boys fundamentals in woodcrafts, metal work, and mechanical drawing. From the designing to the finishing of the projects, the boys are taught the correct methods of handling and caring for the tools. Through the industrial arts program the boys are able to become adept in skills useful in future life.

## PHYSICAL EDUCATION

The gym classes at Medfield cover a variety of sports extending from basketball, volleyball, and softball to gymnastics and apparatus. These classes which meet twice weekly develop our physical fitness and skill. Along with the fitness aspect of physical education Mrs. Kelley and Mr. Keyes are teaching the rules of fair play and good sportsmanship.

## BUSINESS

The job of the business department is to prepare students to enter the business world. Through training the students receive in such subjects as typing, shorthand, transcription, business mathematics, economics, business law, filing, and general office procedure they acquire speed, skill, and accuracy. Under the willing and able assistance of Mrs. Potter and Mr. Carbone this job is being expertly carried out.

## LIBRARY

The library which is growing in volume offers quiet where the students may come to do research, complete home-work, or read for enjoyment. Under the direction of Mr. Daniel Hogan and with the assistance of the library club, all the expert facilities of a library are offered to our students.

## ART

This year the art department is run by Mrs. Claire Reed. In this course the art student is taught basic fundamentals in composition, style, and method. The work and displays done by the students often decorate our halls and add a great deal to the appearance of our school. The whole high school benefits from this course.

**Claire Reed**  
Massachusetts College

## MUSIC

Due to the magnetic personality of Mr. Robert Hersee, the music department had increased greatly in size. Both chorus and glee club meet each week to practice popular tunes which they perform at concerts and school programs. In addition, this year the glee club traveled to other schools to present special concerts.

## SENIOR CLASS HISTORY

On September 7, 1960, we, the Class of '64, entered high school, green but eager. We were joined by Carolyn DiMeo, Robin Cashen, Betsy Guibord, Martha Martin, and two Chinese students, Jennifer and Vivian Lee. Our homeroom teachers for the year were Mrs. Warburton and Mr. O'Keefe. Our Freshman Frolic was staged in the "good old days" when upperclassmen got away with much more than they do now, especially at rehearsals. It featured a cavemen dance, a minuet, a charleston, a future dance and an "everybody sing" number which we liked better with our own words. Our membership was decreased when Paula Adam, Carol Baldwin, Yvonne Bisset, Deborah Byron, Jimmy McMahon, and Marcia Stevens left.

We entered the new high school building on September 11, 1961, adjusting ourselves to new teachers, different schedules, increased facilities, and more extra-curricular activities. Newcomers in our Sophomore year were Judy Bedard, Liz Havens, Susan Hill, Julia Hutchins, Jackie Maxant, George Ramey, Hope Sproul, Gale Miller, Richard Souza. Don Berry, Peter Nelson, Lorraine Carraloh, John Quinn and Martha Martin left us.

Our Junior year, along with many upperclass privileges, began on September 6, 1962. In October Mr. Loughlin's English class went to Boston to see Richard III. In the same month we sponsored our first major undertaking-the most successful Freshman Frolic Medfield has ever seen. The Student Council became an important school organization in 1962, sponsoring many events and forming a stronger coalition between the student body and the administration. In November, thirty-three of us from Mrs. Adams' U. S. History classes reestablished the coveted tradition of class trips.

Fifth Grade Thespians

# SENIOR CLASS HISTORY

The Old Timers—Absent: Bruce Allen, Toni Frank, John O'Connell, Ann Pember, Judith Ramsay, Vickie Sauer.

In an eighteen hour day we took in the United Nations and many other New York sights, including some rather amusing natives. In April our treasury soared after our "work day", when everyone was assigned specific jobs after weeks of collecting a file of potential work. The spring also brought the Junior-Senior Banquet where we treated the Seniors and enjoyed part of the Medfield High tradition that we'll always remember. Then came our Junior Prom at the King Philip, an event which had been anticipated for years. Deen Brais entered in our Junior year, and Barbara Curtis, Kathy McEleny, Robert McKenney and Kay Scott left.

Our Senior year, the best of the four, commenced on September 9, 1963. Six additions to the class included Phyllis Caruso, Tom Gates, Brian Jacobs, Robert Larsen, Ransom McLam, and Sue McNickle. Those leaving were Judy Bedard and Steve Rossi. Our Christmas Dance went over well, and the Peak Staff met almost every afternoon. In March, wanting to do something together again as a class, (besides improving our minds, of course,) Mrs. Pederzini's English classes went to see the play "Hamlet," with Richard Burton, in Boston. In May, the Athletic Banquet brought many honors to the members of our class and the Senior Prom culminated the light-hearted times we've had together. Our graduation in June brought the end of our high school days, but also the challenge of a new way of life.

# SENIOR

No, Flintstone, I didn't see any brontosaurus.

Future leaders of America?

Ro-do-dee-O-do

Paper "dolls".

Fort Apache ... Freshman Frolic ... Parties at Scribner's ... Toccis' ... and in the Cafeteria.

Who's bluffing whom?

What's so funny?

You CAN'T get an itch now!

It can't be morning—we haven't gone to bed yet!

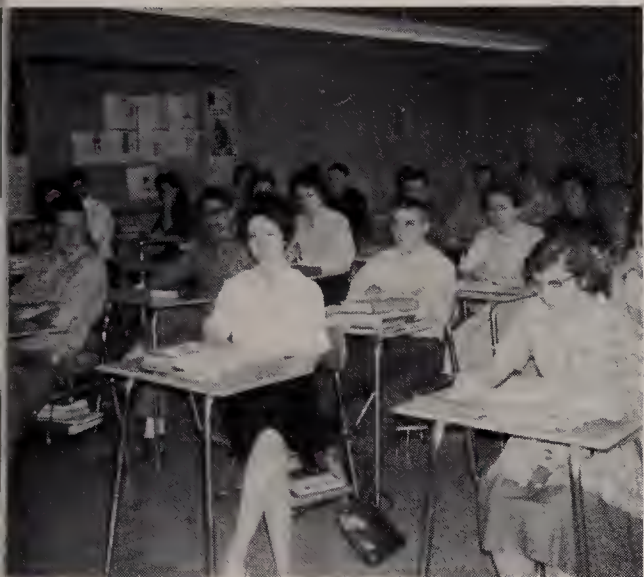

Everybody loves Saturday night.

# SNAPS

Sure Mr. Morrow, we'd be glad to answer any question.

Sorry — we slipped! Let's not forget the most reliable members of the senior class, Jeff and Anne.

Don't mind her—she's just a little camera-shy.

It's an early Clarke.

I got it with Green Stamps.

I'll bet my horse is stronger than your horse.

What do you mean I'm old-fashioned.

You mean the hidden camera's pointing at me?

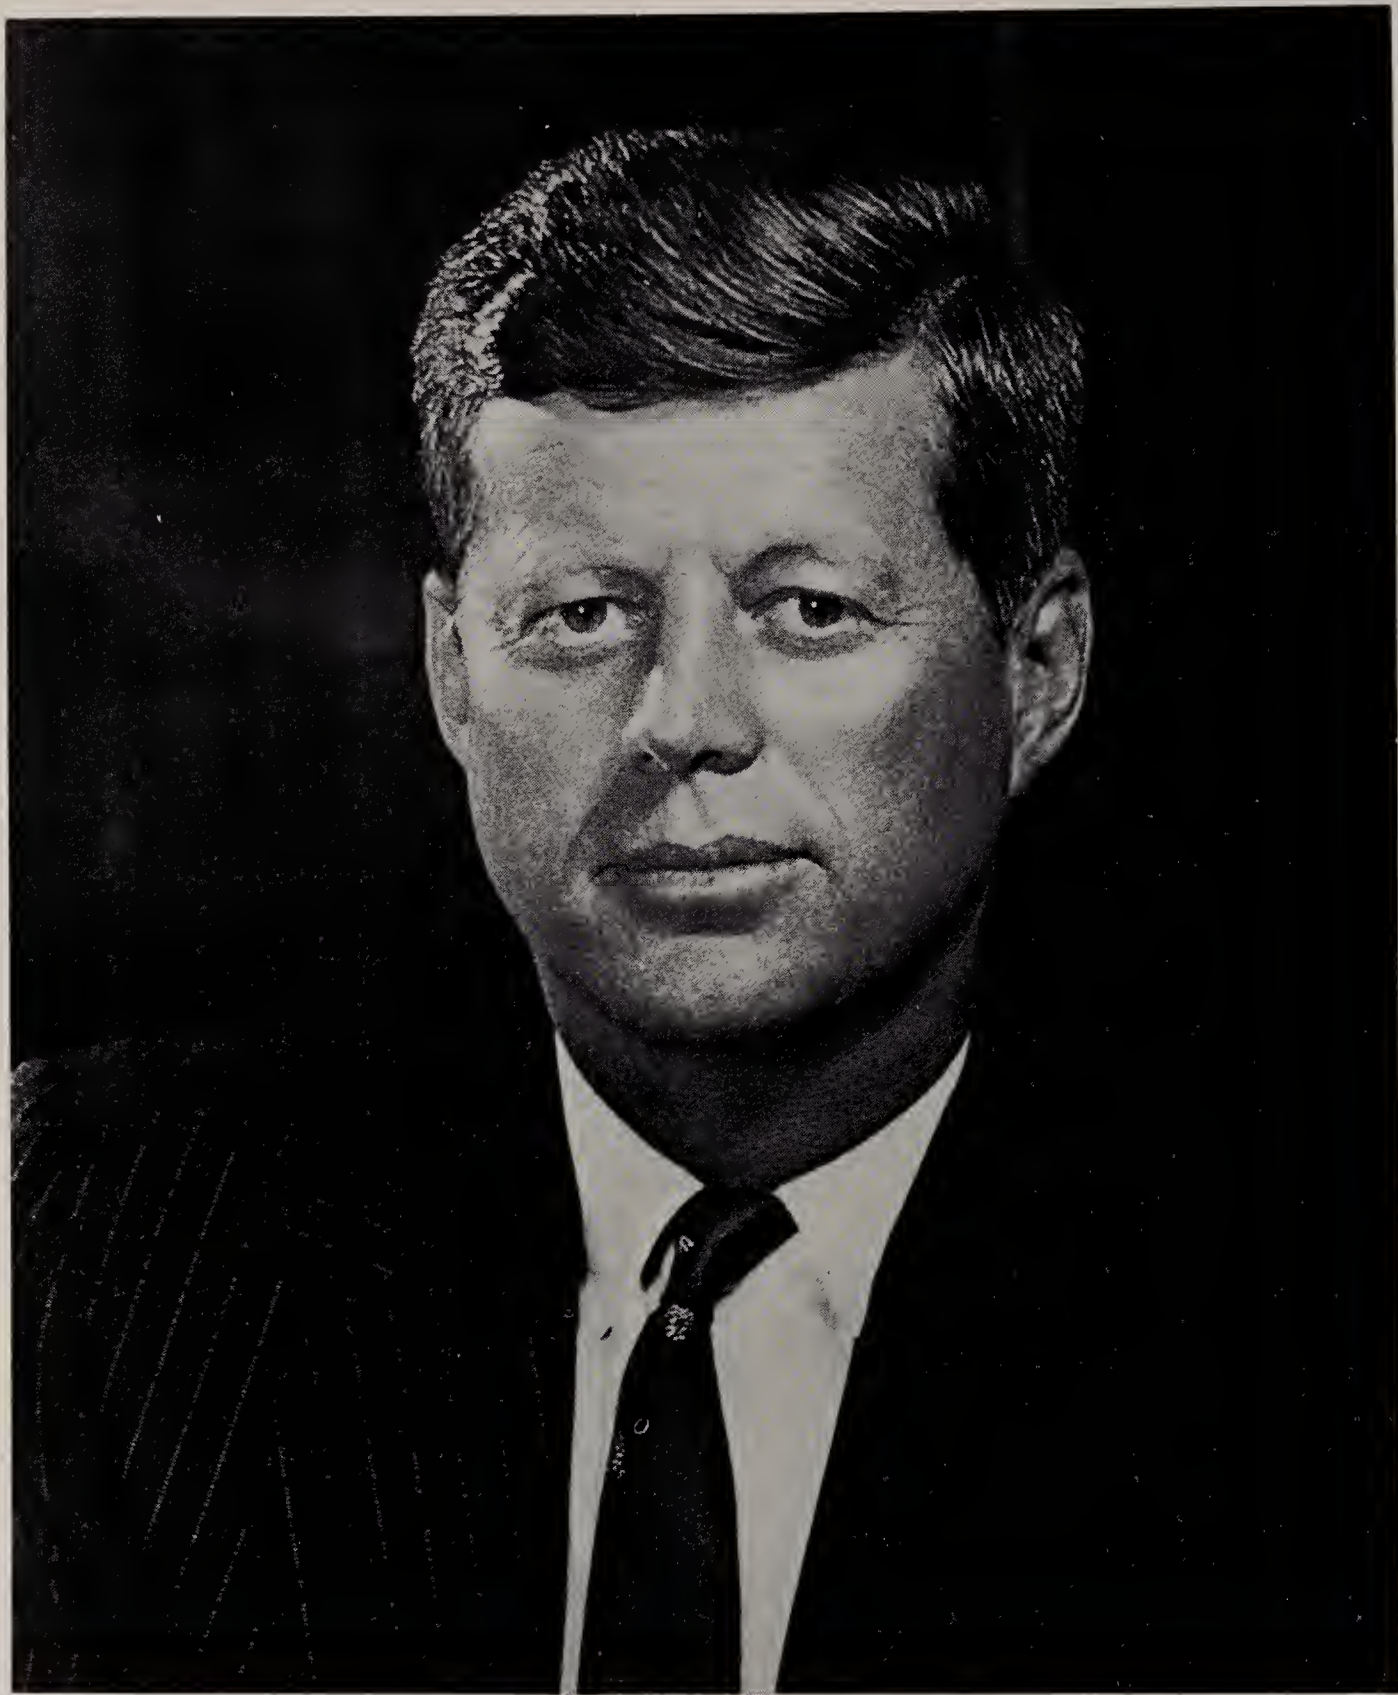

It's the closest I could get to a Beatle hair-do.

Take it from me—don't talk in the library.

## STUDENT COUNCIL

OFFICERS

Calvin Fisher, Treasurer; Stephen Thorp, Vice-President; James Blake, President; Elizabeth Havens, Secretary.

The Student Council proved a valuable part of our school organization again this year, sponsoring monthly assemblies, the Christmas Pageant, the school play, the Mid-Winter Dance, the Magazine Drive, and the collection for Care. When President Peter Post moved at the close of the first semester, Vice-President James Blake became our very able President, and Stephen Thorp was chosen by the Council as the new Vice-President.

Quick, hide the micro-film. I think ve're being votched.

# NATIONAL HONOR SOCIETY

One of the many jobs of the Honor Society is to be of service to the school and community. This year it took on the responsibility of conducting opening exercises, distributing news releases to local newspapers, and managing the Paperback Bookstore for the convenience of students and teachers. It is pleased to be a charter member of the newly formed Eastern Massachusetts Association of the National Honor Society.

Twist and Shout.

Maybe if I beat it a few more times it'll stop erupting.

I whistle a happy tune.

Give me that old soft-shoe.

Well, at least it keeps them off the streets.

So I don't have a learner's permit — you wanna make something of it?

Under the excellent coaching of Edward Keyes the baseball team has worked hard for its present record. Seniors John O'Connell, Kippy Bryce, John Miner, and Jay Halloran have been a strong force on the team and will come back to play again this year. Jay Halloran was chosen Most Valuable Player for the past two consecutive years and he will be slugging it out again next season. The team hopes to do even better this coming spring and we will all be out supporting them.

Halloran hits a homer.

## GIRLS' BASKETBALL

Long bus rides . . . oranges can't carry you through . . . Mad Libs . . . only static on transistors . . . for Medfield High School Team we shout it out; we are the champions without a doubt . . . fatiguing practices . . . gratifying results . . . what are you doing here; we don't have you scheduled for today . . . the pure joy of playing . . . "Get off your feet" . . . it seems like the season just began.

MRS. NANCY KELLEY  
Coach

Vickie

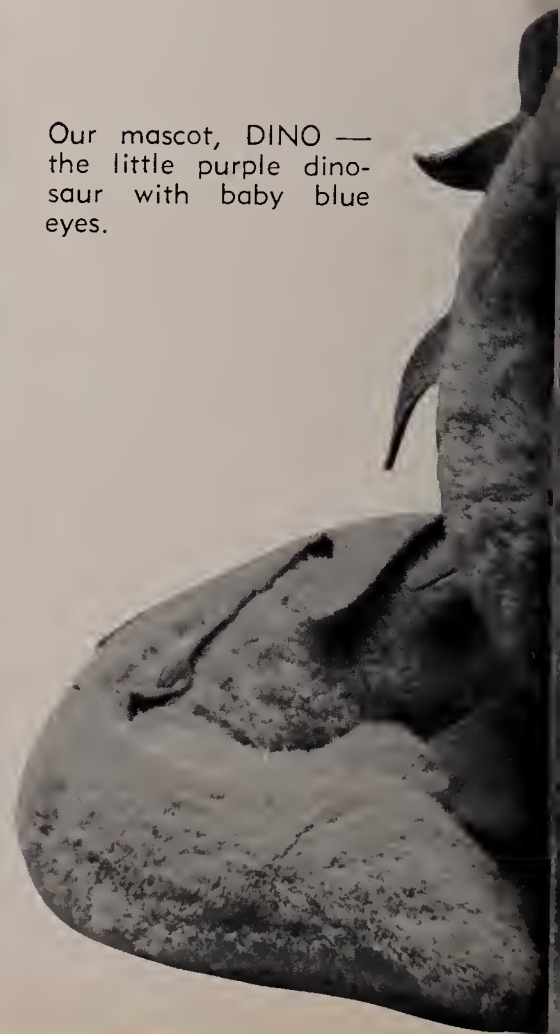

Bet you thought you had it  
that time

Now I'm glad I took bal-  
let lessons—this releve gets  
them every time.

Our mascot, DINO —  
the little purple dino-  
saur with baby blue  
eyes.

Only our Timex watches could stand this brutal beating.

#### JUNIOR VARSITY

Top Row, L. to R.: Wendy Squires, Christine Stevens, Sandra Tothill, Gail Martino, Regina Timmerman, Hilary Parr, Theresa Malone, Carol Johannasen, Karin Kellar. Bottom Row, L. to R.: Susan Kelley, Mertie Scribner, Terri Rogers, Michele Walker, Cindy Newell, Annie Rogers, Lesley Potter.

## MAJORETTES

Under the supervision of Mrs. Luke and Captain Sandi Grover, Medfield's baton twirling majorettes performed precision drills at football games and pep rallies. Whether at home or away games these girls were seen marching ahead of the band onto the field, spurring their team on to victory.

Half-time salute.

# CROSS COUNTRY

The Cross Country team enjoyed another successful season under the direction of their able coach, Mr. John Cuoco. In the last few years Medfield High's cross country reputation among the surrounding towns has greatly increased. We can all be proud of the fine job the team has done this season.

## SOFTBALL

Last spring the softball team had another successful season under the coaching of Mrs. Nancy Kelley. The girls worked hard and had many long practices, often in unpleasant weather.

We are fortunate to have such an able coach and girls so willing to participate in sports. We anticipate another good season.

Coach Kelley and Sharyn

Deen, Sharyn, Ann, Carolynn, Betsy, Pat.

# SPORTS IN REVIEW

Holy cow!  
What's the  
ticking sound?

TENSION!!!

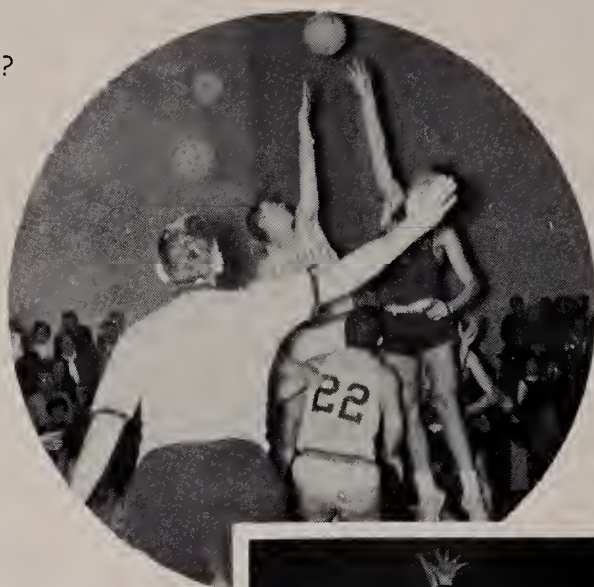

Do your best, girls; they've  
laid bets on who does the  
best backbend.

I don't have it, do you?

Be brave, their band is only a LITTLE bigger.

You make a  
better door  
than a window,  
even if you  
are a pain.

Hey—where'd the ball go?

90 I do believe it's going to swish.

# ADVERTISEMENTS

*Just as our system of American Education is supported by public taxation, this yearbook has been supported by contributions from numerous businesses and private individuals. For their generosity all Medfield High, especially the Class of Nineteen Hundred Sixty-Four, is grateful.*
